Total	305.5	251.2	305.5	251.2

Wind

- ⬇️ In August 2016, the total wind production was 3% below estimates.
- ⦿ In particular, Germany and Spain were affected by low wind speed. On the contrary, in Denmark production was higher than expected (+6%) and extremely higher compared to August 2015 (+34%). In Italy and Poland, production was in line with expectations but higher than in August 2015, especially in Poland (+26%).
- ⦿ Net wind production year-to-date was 4% higher than estimates and fairly higher than the same period last year.

Solar

- ➡️ In August 2016, the solar production was in line with expectations.
- ⦿ In particular, the average irradiation was in line with estimates both in Italy and Spain.
- ⦿ Net solar production year-to-date was in line with estimates and with the same period last year.
